Sigmund Freud was the founder of Psychoanalysis. Sigmund Freud was not afraid to turn the world upside down and/or inside out to perceive truth. Sigmund Freud a total devotee to Self-understanding possessed a lightning gift of insight: One of the greatest if not the greatest the world has ever seen: Sigmund Freud is known for his studies of Dreams; Sexual Desires; Repression The Unconscious Mind; Mob Psychology; Sigmund Freud's work has been tremendously influential on fields as diverse as: Art; History; Philosophy; Psychology; Medicine. Many people today earn a living trying to prove that everything Sigmund Freud thought was false. Especially: There is no god; Most boys want to fuck their mothers; Most girls want to fuck their fathers; Dreams are wishes; Since the image of Psychoanalysis has been dragged to death by the medical profession and its devotees; Most of the people who make use of Sigmund Freud's ideas today are the Central Intelligence Agency and the Advertising Industry; And a scattering of fortunate people with the gift of insight whose lives have been resurrected by Psychoanalysis and/or its fashionable or underground copycats; We have the memory of brilliant unsolicited orphan Jewish dreams fulfilled by ragged Jews fleeing scorching Russia to travel to America; By Albert Einstein who dreamt on a trolley in Bern in 1904 of riding on light and perceiving relative truth; Then after centuries of Jewish dreams wishing every year: Next year in Jerusalem! This wish which when I was a child was considered a fantasy due to the stupidity in cement of the Arabs and British who controlled it; The Israeli Paratroopers on June 7, 1967 crying at the Wailing Wall at the Temple Mount in Jerusalem; But Sigmund Freud was the first Jew since Joseph whose inner and outer lives had the dreamy feature of brilliant dreams coming true; Sigmund Freud had a dream that a plaque saying: Here on July 24, 1895 the secret of the dream revealed itself to Dr. Sigmund Freud; was placed on the building that contained his office and home in Vienna; On this building 19 Bergstrasse in Vienna there is now a plaque that says: Here on July 24, 1895 the secret of the dream revealed itself to Dr. Sigmund Freud; And now I will say farewell to you; And I will sing of another contradictor of the argument that humans are completely unable to do with out the consolation of the religious illusion: That without it they could not bear the troubles of life and the cruelties of reality; That is true; Certainly; Of the people into whom you have instilled the sweet; Or bitter sweet; Poison from childhood onwards; But what of the other people who have been sensibly brought up?; Perhaps those who do not suffer from the neurosis will need no intoxicant to deaden it; They will it is true find themselves in a difficult situation; They will have to admit to themselves the full extent of their helplessness and their insignificance in the machinery of the universe; They can no longer be the center of creation; No longer the object of tender care on the part of beneficent Providence; They will be in the same position as a child who has left the parental house where they were so warm and comfortable; But surely infantilism is destined to be surmounted; People cannot remain children forever; They must in the end go out into hostile life; We may call this education to reality; Need I confess to you that the sole purpose of my book is to point out the necessity for this forward step?; You are afraid probably that they will not stand up to the hard test?; Well let us at least hope they will; It is something at any rate to know that one is thrown upon one's own resources; One learns then to make a proper use of them; And humans are not entirely without assistance; Their scientific knowledge has taught them much since the days of the deluge and it will increase their power still further; And as for the great necessities of Fate against which there is no help they will learn to endure them with resignation; Of what use to them is the mirage of wide acres in the moon whose harvest no one has ever yet seen?; As honest smallholders on this earth they will know how to cultivate their plot in such a way that it supports them; By withdrawing their expectations from the other world and concentrating all their liberated energies into their life on earth they will probably succeed in achieving a state of things in which life will become tolerable for everyone and civilization no longer oppressive to anyone; Then with one of our fellow unbeliever; Heinrich Heine: They will be able to say without regret: We leave heaven to the angels and the sparrows; With a hearty all be get hunt too;

NOTES:

The Qashqa'i Shekarlu rug on the couch was made by a nomadic tribes of the Qashqa'i confederacy in Persia in the nineteenth century: Sigmund Freud's patients reclined on this couch to attempt to relate all that came up in their minds: Now some psychotherapists work with a hundred patients at a time on a large rug in the hope they will encourage each other's attempts to relate all that may come up in their minds learning much from each other: There has come to be a trendy saying about this: 2 CEOs cannot sleep in one mega corporation: 100 seekers of Self knowledge can sleep on one rug:
